Mesotherapy: 2005-2006.
President of the Regional College of Mesotherapy Tlemcen.2007-2010
Osteopathy and Acupuncture 2006-2007.
Nutrition and Orthomolecular Medicine at Salzburg-Austria- in 2009.
Allergy in Algiers from 2009 to 2010.
Relaxation Therapy in Heidelberg in 2010.
04/01/2011 Approval of the Algerian Society of Nutrition and Medicine Orthomoleculaire.
19/02/2011 Accession to the International Society for Orthomolecular Medicine in Toronto, Canada.
27/10/2011 Organization 1 ' seminar Nutrition and Orthomolecular Medicine.

ACTIVITY REPORT OF THE SANMO

* Bulletin ORTHO 1 on June 9, 2011

* C1S1 – First SANMO Seminar for Training on Nutrition and Orthomolecular Medicine 27-28 October 2014 Algiers with participation of Dr Heidi Thomasberger and Dr Florian Goetzinger From Wien AUSTRIA.

* First interview: 27/12/2011 on Le Temps d'Algérie:

<http://www.orthomoleculaire.org/sujets.php?id=93>

* **2012 SANMO ACTIVITIES** : Invitation of

-five Austrian Conferenciers:- Pr George Birkmayer.- Dr Heidi Thomasberger. - Dr Florian Goetzinger.- Dr Sabine Wied-Baumgartner.- Dr Monika Fuchs.-

-and two Algerian Professors :-Pr Hafida Merzouk from University of Tlemcen.- Pr Mustapha Oumouna from University of Médéa.

* Participation of Dr Tahar Naili, vice-Président of SANMO to the 41' ISOM-CONFERENCE from 27 to 29 april 2012 at Vancouver-Canada.

* Organisation of four 04 seminars of the Cycle I for continuous training in Nutrition and Orthomolecular Medicine :

- Seminars C1S2-3, on 26-27-28 Avril 2012 with the participation of Pr Hafida Merzouk, Dr Monika Fuchs, Dr Sabine Wied-Baumgartner and Dr Florian Goetzinger.

- Seminar C1S4 on 01 au 02 juin 2012 with the participation of Pr Mustapha Oumouna and Dr Heidi Thomasberger.

- Seminar C1S5 on 12 au 13 octobre 2012 with the participation of Pr George Birkmayer, Pr Hafida Merzouk, Pr Mustapha Oumouna and Dr Heidi Thomasberger.

* Edition Publication of 2 Bulletins : Ortho2 et Ortho3.

* Press-Papers :

<http://www.letempsdz.com/content/view/68215/1/>

<http://www.orthomoleculaire.org/sujets.php?id=96>

- Two interviews:

04-01-2012 on: Le Midi-Libre published on Ortho2.

"L'harmonie hygiéno-diététique passe par une bonne alimentation."

<http://www.orthomoleculaire.org/sujets.php?id=94>

03-10-2012 on: Le Midi-Libre published on Ortho3.

"La présence de Birkmayer est une réelle opportunité pour l'Algérie."

<http://www.orthomoleculaire.org/sujets.php?id=136>

- Interview TV on Canal Algérie-15/10/2012, conducted by Dr Tahar NAÏLI with review on seminar held on 12 to 13 oct. 2012 Algiers with interviews of Dr Ilyes BAGHLI, Dr Heidi Thomasberger and Pr Jörg Birkmayer.

2013 SANMO ACTIVITIES:

- Six Seminars.
- Publication of six bulletins Ortho: "Ortho4 à Ortho9"
- Publication of Handbook Ortho-DZ1 of 712 pages
- Publication of activities of SANMO on:
 - * Website: www.orthomoleculaire.org
 - * Blogs: www.sanmo.skyblog.com
www.orthomoleculaire.skyblog.com
 - * Page facebook of "Algerian Society for Nutrition and Orthomoléculaire Medicine"
- Creation on YOUTUBE of SanmoTV where are reported direct TV transmissions on Canal Algérie
<https://www.youtube.com/watch?v=l3p3znsLSc8>
- Seminar C1S6 on 23 to 24 jan. 2013 with the participation of Pr Atsuo Yanagisawa, Pr Mustapha Daidj, Dr Heidi Thomasberger, Pr Mustapha Oumouna and Pr Chafika Mehdid. During this seminar, Bulletin Ortho4 - 144 pages- has been diffused.
- Publication on N°15 of Feb 2013 of Santé-Mag the interview of Pr Atsuo Yanagisawa: La vitamine C, tue les cellules cancéreuses.
<http://www.santemag-dz.com/pdf/n15/n15p23.pdf>
- Seminar C2S1 Algiers, on 22 to 23 march 2013 with the participation of Pr George Birkmayer, Pr Hafida Merzouk, Pr Patrick Curmi and Pr Chafika Mehdid. During this seminar, bulletin Ortho5 -148 pages- has been distributed

-Conference at University of Tlemcen, on 25 march 2013 of Pr George Birkmayer on NADH and the transition from organic medicine to mitochondriale medicine.

-Seminar C2S2 Algiers, on 24 to 25 may 2013 with the participation of Pr Hafida Merzouk, Pr Michel Narce and Pr Mustapha Oumouna. During this seminar, Bulletin Ortho6 -160 pages- has been distributed

-Seminar C2S3 Algiers, on 28 to 29 june 2013 with the participation of Pr Hafida Merzouk, Pr Mustapha Oumouna and Pr Chafika Mehdid. During this seminar, bulletin Ortho7 -172 pages- has been distributed.

-Seminar C2S4 Algiers, on 20 to 21 sept. 2013 with the participation of Pr Thomas Edward Levy, Pr Hafida Merzouk, Pr Mustapha Oumouna and Pr Chafika Mehdid. During this seminar, bulletin Ortho8 -180 pages- has been distributed.

-Seminar C2S5 Algiers, on 25 to 26 oct. 2013 with the participation of Pr Gilbert Henri Crussol, Pr Mustapha Oumouna, Pr Smail Meziani and Pr Chafika Mehdid. During this seminar, bulletin Ortho9 -140 pages-, and the handbook Ortho-DZ1 -712 pages- were distributed

-Participation, on 02/11/2013 at the International Book Exposition SILA with a conference on the expérience of SANMO in scientific edition.

SANMO Experience in scientific edition

Dr. Ilyès BAGHLI
President of SANMO

-SANMO is an Algerian learned Society, related non-profit, established on the principle of the old Vienna Circle to discuss the themes according to different visions, with as basic principle: an innovative and creative spirit in a pedagogical approach.

-Continuing medical education is open to physicians, pharmacists, dentists, biologists, chemists, biochemists, microbiologists, agronomists, veterinarians and dieticians on the basis of a continuous course of six seminars with obligation to publish on the Bulletin Ortho to be recipient of SANMO-ISOM certification. Training will be continued by a continuous development because it is a non-repeating evolutionary program.

-The publication of bulletins ORTHO is a follow-up to each seminar to ensure complete archiving of all communications discussed at each seminar, the SANMO is at its Ortho12, avecOrtho11 in the process of finalization for its 13' seminar which is scheduled for 28-29 March 2014 in Algiers.

-The different seminars tracks in two days: Friday-Saturday to allow the presence of all and especially their availability for work and family responsibilities, cumulation 16 h for each seminar with the participation of two to three national teachers of different universities and two or three international teachers of different nationalities.

-The Austria was the first nation to participate in the undergraduate program.

-During the second cycle, the Austria joined other nationalities: Japan, USA, and France.

List of national speakers:

-Pr Hafida Mason biologist the University of Tlemcen.

-Pr Mustapha OUMOUNA immunologist from the University of Medea.

-Pr Chafika MEHDID an Odontologist from the University of Algiers.

List of international speakers:

-Pr George BIRKMAYER - Vienna - Austria. -Dr. Heidi THOMASBERGER - Austria.

-Dr. Monika FUCHS - Austria.

-Dr. Sabine WIED - Linz - AuSTRIA.

-Pr Atsuo YANAGISAWA - Kamakura - Japan - - Pr Thomas Edward LEVY - Mississippi - USA - Pr Gilbert Henri CRUSSOL

- Lezaka - Spain - - Pr Patrick CURMI - France

- Pr Michel NARCE - France

List of teachers from the Algerian diaspora in France:

- Pr Mustapha DAIDJ - Marseille –

- Pr Smail MEZIANI – Nancy-

Book References SANMO:

ORTHO-DZ HANDBOOK : Birth of experience in scientific publishing. ORTHO-DZ 1 is a collection of 712 pages of the

Ortho Bulletins 1 to 5, reviewed and classified by different inputs.

ORTHO-DZ 1 will be followed by ORTHO-DZ 2 after the end of the CYCLE 2 training and development SANMO in January 2014 etc.

The ORTHO-DZ is a concept of development of scientific publishing as support training and continuing development on niches of modern medicine in its molecular vision and its nano-technological support.

SANMO with eager members training and development a basic scientist program to harmonize the elements of scientific knowledge.

An organization of operation of seminars to enable the members to find themselves on the basis of a scientific and technical program.

An inter-active exchange between SANMO members and facilitators and trainers of international rank.

A focus on the BASICS, courses, and CONFERENCES of the scientific sector. Attention to the partners invited by assistance of simultaneous on-line for a continuity in the experience of the partnership.

Instant recovery of these elements on a support newsletter for the current period. Recommendations to members of the SANMO for harmonious formatting of their articles.

Summaries in Arabic, french, English and keywords to find common interests.

The thesaurus of terminology of the words most perdurants in the same article and this in several working languages: french, English, German, Arabic, tamazight.

Genesis of a Thesaurus of Orthomolecular medicine in development.

Publishing in color, a reorientation towards edition black and white with the exception of the 4 pages of coverage.

The choice of the bright to a more austere and more readable paper.

Bookbinding stapled the first 2 numbers to bookbinding in the Bulletins ORTHO collage, then the binding sewing for ORTHO-DZ. Monitoring of management to allow the release of the Bulletin on the morning of the first day of the next seminar.

A single stress during these epics, the availability of the sources of financing for our publishing activities.

Trust in our partners and sponsoring our national media, to make our operations efficient.

Calibration of our activities compared to the international level within the ISOM.

Optimism in the social, cultural and scientific member SANMO development.

The first age of the SANMO wants to be in good health with the kindness of those who focus on well-being and development.

The ORTHO - DZ 1 of the SANMO Handbook is in your hands to ensure continuity, and long life.

Later he was the first volume of a series scientific and medical to which you have contributed to the existence of the following volumes to enhance the quality of your personal library and all scientific libraries works!
